Regarding any of the Examiner's comments for allowing claims in this Application, Applicant acknowledges the Examiner's comments. Applicant does not concede or admit, however, that the Examiner's comments are accurate or apply to all of the allowed claims, nor that the stated reasons are the only reasons for allowability of the Claims. *See Salazar v. Procter & Gamble Co.*, 414 F.3d 1342 (Fed. Cir. 2005).

In paying the outstanding fees for issuance of this Application, Applicant only does so to facilitate prosecution. Indeed, Applicant does not concede that any past rejections are correct and reserves the right to challenge such rejections in prosecution of any continuation application. Applicant also reserves the right to present additional claims in a later-filed continuation application that have similar or broader scope as originally filed. Accordingly, any amendment, claim cancellation, or remark is not to be construed as abandonment or disclaimer of subject matter.

Applicants do not believe any further fees are due other than the Issue Fee submitted via EFS-Web. The Commissioner is authorized, however, to debit Deposit Account No. 20-1507 if any additional fees are deemed due for full acceptance of this submission, to keep this application pending, and so that a patent may issue in due course.

Respectfully submitted,
TROUTMAN SANDERS LLP
